## Hidden Valley Soaps

*All soaps are hand made from pure vegetable oils - saponified olive, palm, coconut & castor oils. These ingredients produce firm, mild, creamy, moisturizing soaps, with rich lather even in hard water. The different soaps are then crafted with essential oils, extra superfatting oils, herbs, cosmetic grade colours and other ingredients.*

*As well as making good soap at a physical level, we aim to create soap which cleanses and nourishes the human spirit. It's important to us to work with positive energy, maintaining a happy, loving workspace and bringing the best of ourselves to our work/play.*

*Soapmakers' Prayer -  
Let this soap cleanse away fear,  
let love be here.*

# Aromatic Paraffin Candles

We make our moulded paraffin candles from scratch. They are scented all the way through with pure essential and a few fragrant oils which are specified below. They are made with 20% stearine to handle tropical conditions and are over-dipped in a microcrystalline wax to help hold the shape and to give a glowing effect. They have Cable Beach or Roebuck Bay shell grit adhering to the lower quarter of the candle. The ideal way to burn these candles is in a small bowl or saucer, so there can be no spillage. Remember to remove the label, and for safety never leave candles burning when you sleep or go out.

We finish the bulbs with gift tags and wooden beads on white leather thonging, so they make beautiful gifts. # Hidden Valley pure essential oils

Hidden Valley Handcrafts sells pure essential oils in 10 ml glass bottles with dripolators, and larger amounts (50, 100mls or more) available on request. Due to the huge quantities of essential oils bought for soap and candle making, hence our purchasing power, and our minimal packaging policy, it is possible to keep prices fairly low. However, be assured that we are fussy about high quality! For instance, the sandalwood is the best available in Australia. Our future intention is to buy more organic essential oils so you will sometimes have higher quality and cheaper alternatives.

# Mail order information

## Policy

With your **first** order, we ask for mailed payment, proof of direct deposit or credit card details with your order. Once bona fides are thus established, you can opt either to continue with credit card payments, or pay for subsequent orders by direct deposit or cheque on receipt of the goods. Orders may be made by phone, fax or email. The items will be packed up and sent with the invoice enclosed. We may choose not to send a new order before you have paid for a previous one. We aim to be prompt with our mailouts, unless a product needs to be made, in which case we will notify you.

## Postage & Packing (user pays)

We now use the courier company Australian Air Express. We mostly use 3 kg and 5 kg bags, or multiples of these for bigger orders. These take 2 or 3 days from Broome, depending on your location. We need to put ATL ("Authority to Leave") stickers on all our bags, so the courier is authorised to leave packages even if nobody is there to collect. If you prefer to avoid possible theft from an unattended home address, use either a PO box address (a notification card will be left in the box) or a work address. Costs to any Australian location are:

- \* 3 kg (eg. max 24 soaps ) \$12
- \* 5 kg \$17

We attempt to package everything securely but the latest planes do fly higher, sometimes causing leakage of essential oils and liquids. We now use "TRAVEL SAFE" closures - either pumps or screw top caps on our liquid products.

If your lotion has a screw cap we also supply you with an extra press disc cap to replace it with for easier application. *The general rule is, pumps on all bottles of 250 or 475ml size, and TRAVEL SAFE screw caps plus supplied disc caps on 50 and 125ml sizes.* We tape most products and enclose essential oils in ziplock bags to guard against leakage. Please let us know if you have any problems - we want everyone to be happy with their purchases.

## Payment

Credit card, cheque, money order or EFT (direct deposit), payable to Hidden Valley Handcrafts. Please phone for our bank deposit details or to provide credit card information. Credit card payments attract a 3% surcharge.

## Hidden Valley Gift Sending Service
